

As we enter into the first half of the 117th Congress, we must remain steadfast in our support of federal candidates who understand and are favorable to the interests of seniors housing. With many federal issues before us, the Seniors Housing PAC provides the platform for ASHA’s legislative team to advocate on behalf of our industry on Capitol Hill. Join with other Seniors Housing PAC industry leaders as we advance our public policy agenda.

In order for us to communicate in detail about the Seniors Housing PAC and request contributions from your company’s executive and administrative staff, Federal Election Commission (FEC) rules require that we obtain written approval each calendar year. This request is consistent with ASHA’s ongoing Prior Approval campaign to meet our compliance obligations and grow the Seniors Housing PAC.

SENIORS HOUSING PAC PRIOR APPROVAL

By signing this authorization, I understand that my organization’s decision to authorize solicitation of contributions to the Seniors Housing PAC is voluntary and in no way obligates me or anyone else to make a contribution. I authorize the solicitation of my organizations executive and administrative staff for contributions to the Seniors Housing PAC for each calendar year indicated, as permitted by the FEC. This creates efficiencies for ASHA and eliminates the need for the corporate executive to grant authorization every year.

Granting this authorization does not prohibit your organization or its employees from making other political contributions, to the extent otherwise permissible by law. However, by granting this authorization, your organization may not grant similar authorization to any other trade association for the specified calendar year.
